

The University of Bremen

nominates

Prof. Dr. Ing. habil. Kolyang

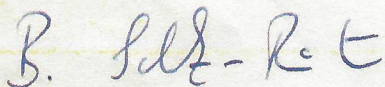

currently at the University of Maroua, Cameroon,
as

RESEARCH AMBASSADOR

The research ambassador program is funded by the *Alexander von Humboldt-Foundation (AvH)*.

Research ambassadors will support the University of Bremen in an honorary capacity as alumni. They contribute within the scope of their current position to the worldwide visibility of the University of Bremen as an excellent research location, focusing particularly on strengthening our international network.

Bremen, 12 October 2015

Prof. Dr. -Ing. Bernd Scholz-Reiter

Rector of the University of Bremen
